Length:	38 ft 4 in	Boat Location:	Naples, Florida, United States		
Price:	US\$465,000	Name:	Sea Crown		
Condition:	New	Heads:	1		

Description

“Sea Crown” is an amazing example of one of Tiara Yachts most popular models ever produced. This Tiara 38 Open has the Cummins QSC 490s, which are the most powerful and most popular ever offered in the 38 Tiara. The Tiara 3800 Open is fast, dry, stable, fuel efficient with a fantastic hull design to handle rougher sea conditions that keep similar sized vessels at the dock. The Tiara 38 Open is a straight inboard vessel with a solid glass hull bottom for near perfect weight distribution. The 38 Tiara requires little to no trim in calm sea conditions and runs at a much flatter and more comfortable attitude at planing speeds than many of its competition. There is very little bow rise during the transition from displacement to planing speeds, which is the sign of a well-designed hull.

“Sea Crown” has the highly desirable Cummins QSC8.3L diesels which are rated at 490 HP each (the highest horsepower ever offered in the Tiara 38 Open). The QSC is a fully electronic Common Rail diesel which is much more fuel efficient, quieter, with much better acceleration and is cleaner burning (little to no smoke during acceleration) than its mechanical or hybrid (mechanical engine w/ electronic fuel injection) predecessors. With only 896 original hours on her engines, “Sea Crown” will provide many years enjoyment to her new owners. Don’t let this fantastic deal pass you by!

“Sea Crown” was purchased in October of 2020 in Sturgeon Bay, WI. by and extremely knowledgeable yachtsman that has owned multiple Tiaras. At the time of purchase, “Sea Crown” was exclusively a freshwater vessel in excellent condition. She was trucked to Naples, FL to Molly’s Marine Service (a veteran Tiara Certified Service Center). Then the new owner began a multi-month upgrade process with the goal of modernizing the electronics and other equipment and bringing the vessel to as near new condition as possible.

Information & Features

2007 Cummins QSC8.3 DSL (Engine 1)

Type:	Inboard	Power:	490 hp
Fuel Type:	Diesel		
Hours:	896		

2007 Cummins QSC8.3 DSL (Engine 2)

Type:	Inboard	Power:	490 hp
Fuel Type:	Diesel		
Hours:	896		

Dimensions

ACCOMODATIONS

This Tiara 3800 Open has the more popular A-Plan arrangement which allows for a larger Master Stateroom, larger galley, larger dinette, and larger head and shower. The Plan A also has bulkhead and door to the Master Stateroom as opposed to the curtain in plan B.

INTERIOR OPTIONS

Solid Teak and Holly Cabin Sole

INTERIOR STANDARDS

AM/FM/CD with 6 Disc Changer, Amp, Subwoofer, 2 interior Speakers and 4 Cockpit Speakers

U-Shaped Dinette with Table and Storage Compartments below. Converts to Single Upper, Lower Berth and or Double Lower Berth

Stainless Steel Undermount Sinks

AC/DC Refrigerator/Freezer

Island Queen Pedestal Berth with Quilt and Shams

Vacu-flush Head with Holding Tank

Separate Stall Shower with Acrylic enclosure

2 – Smoke Detectors

2 – Carbon Monoxide Detectors

Tank Watch Water/Waste level indicator

Upon entering the cabin from the helm deck the large L-Shaped Galley is immediately to Port. The Galley is outfitted with a double Stainless sink and Grohe hand sprayer faucet, two burner recessed cooktop with cover, Panasonic microwave oven, Norcold double door refrigerator/Freezer and ample counter, cabinet, and drawer space. The galley is large enough with enough storage for longer cruising trips, which is rare in an express vessel of this size.

The large U-shaped dinette is immediately to Starboard with comfortable dining for up to five adults. The dinette also converts into a double berth with a Pullman berth above. There is also ample storage below the dinette as well as overhead cubby storage for a wide variety of items including movies and books. An LCD TV is built-in over the Galley for direct viewing from the dinette. A Bose home stereo/CD/DVD player provides Stereo or CD music throughout the cabin and doubles as a DVD player for the TV.

The master is forward with Island Queen berth, large hanging locker and cavernous storage below the berth. While island queens have become common in vessels this size, it is unusual to have the island queen, large galley, convertible dinette, and head with separate stall shower all in a 38' vessel. Tiara is able to accomplish this because they do not include swim-platforms and bow pulpits in their hull measurement. This 38 Open is equivalent to other manufacturer's 43' yachts.

HULL DECK AND MECHANICAL EQUIPMENT

Premium White Hull Color

Constructed with a water barrier outer gelcoat layer, hand-laid fiberglass with a special blended premium resin.

Tiara custom diamond pattern non-skid deck and cockpit surface

Generator Onan (9KW) with remote Start Panel in Cabin (450 Original Hours)
